SITEMAP®

POWERED BY GPRS

SiteMap is a singular subsurface infrastructure mapping solution that allows users to experience their facility data with ease. SiteMap provides map data, subsurface utility information, and a common repository for facility artifacts. This geospatial solution also acts as an all-inclusive digital storage space for blueprints, as-built drawings, maintenance logs, permits, and more. The beauty of SiteMap is that it can geolocate every piece of information so the content can be located and cross-referenced on demand. SiteMap simplifies facility management by providing its users with a powerful all-in-one solution.

ORGANIZE YOUR ASSETS

- ACCURATELY MAPPED
- DIGITALLY STORED
- EASILY ACCESSIBLE

DIGITAL PLAN ROOM

The Digital Plan Room acts as the central repository for facility documents. These documents are directly viewable in the Map Viewer when appropriately tagged with the location information. The Digital Plan Room is a secure space to store essential and relevant facility documents.

MAP VIEWER

The Map Viewer makes viewing facility data easy as it allows the user to attach locational data to specific uploaded documents. This feature enables facility managers to track and locationally designate documents for reference quickly. Additionally, this makes sharing and updating location documentation a more fluid experience.

POWERED BY **GPRS**

CAPTURE, CORRELATE & CONTAIN YOUR BUILT WORLD WITH **SITEMAP PRO**

SITEMAP®

POWERED BY GPRS

SITEMAP® PRO

POWERED BY **GPRS**

A **SiteMap Pro** subscription gives you everything you love about the Personal Tier, with a lot more control of how your data is created, saved, stored, and shared to Intelligently Visualize The Built World Above and Below Ground™.

The most important differences are the amount of data you can store in your Digital Plan Room (customized to meet your needs) and the ability to create, store, and share new projects and line notes via the GPS-enabled SiteMap Mobile App.

At the **SiteMap Pro** Tier, you have the freedom to customize your Digital Plan Room's header and footer, color scheme, and tailor the site to your personal branding needs. Plus, we supply you with white-glove, concierge-level Priority VIP Customer Support to get you up and running, and to keep your data flow moving, cross-referenced, and most importantly, secure.
